

# *Fagerstrand Båtforening*

## **Fishing prohibition**

### **Dear guests**

The harbor and pier are privately owned and as a landowner, Fagerstrand Båtforening prohibits fishing from the pier and in the harbor.

The Oslo Fjord is exposed to large environmental pressures and we want the pier to make a positive contribution to environmental protection.

You and your dog can use the pier for recreation, as a pedestrian just remember to take the dog's leftovers in a dog bag and other rubbish.

Cycling and motorized traffic are not allowed, unless it serves as a transport for the disabled.

See also info on the environmental directorate's website:

Thank you very much!

Fagerstrand, June 2022

**Greetings from the board of Fagerstrand Båtforening**
